

**UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF WISCONSIN**

CODY FLACK,
SARA ANN MAKENZIE,
MARIE KELLY, and
COURTNEY SHERWIN,

Plaintiffs,

v.

WISCONSIN DEPARTMENT OF
HEALTH SERVICES and
LINDA SEEMEYER, in her official capacity
as Secretary of the Wisconsin Department of
Health Services,

Defendants.

Case No. 3:18-cv-00309-wmc

Judge William Conley

DECLARATION OF LINDA WESP, MSN, RN, APNP, FNP-C, AAHIV-S

I, Linda Wesp, MSN, RN, APNP, FNP-C, AAHIV-S, declare as follows:

1. I am a Family Nurse Practitioner/Advanced Practice Nurse Prescriber (APNP) (WI Lic. # 6596-33) with a specialization in transgender care. I submit this declaration in my capacity as the primary care provider of Marie Kelly, a plaintiff in the above-captioned matter.

2. I earned my nursing degree from Loyola University Chicago in 2000 and I earned my master's degree in nursing (MSN) from University of Illinois at Chicago in 2006. I am a Registered Nurse (RN) (WI lic # 223928-30), Board Certified Family Nurse Practitioner (FNP-C) (#F0706072), and a Certified HIV Specialist (AAHIVS).

3. I am currently a PhD candidate in Nursing at the University of Wisconsin-Milwaukee, College of Nursing, where I am focusing my research and scholarship on transgender health.

4. I am also a member of the World Professional Association for Transgender Health's (WPATH) and I am currently a contributing co-author for the upcoming Eighth Version (in progress) of the *Standards of Care for the Health of Transsexual, Transgender, and Gender-Nonconforming People* ("WPATH SOC"). Specifically, I am contributing the chapter titled, "The Role of Primary Care in Gender Health." I am also a member of the Medical Advisory Board at University of California, San Francisco (USCF) Center of Excellence for Transgender Health and I was a contributing author for their publication, *Guidelines for the Primary and Gender-Affirming Care of Transgender and Gender Nonbinary People*.

5. More complete information regarding my professional background, experiences, publications, and presentations are provided in my curriculum vitae, attached to this declaration as Exhibit A.

6. I currently practice at the Greater Milwaukee Center for Health and Wellness in Glendale, Wisconsin. I provide primary care to approximately 175 transgender, gender non-conforming, and non-binary adults. I prescribe and supervise gender-confirming hormone treatments for transgender patients with gender dysphoria, including patients that have sought and been denied gender-confirming surgeries. I also provide general primary care, including HIV prevention and management.

7. Many of my patients, including Ms. Kelly, are Wisconsin Medicaid beneficiaries.

8. I have been Marie Kelly's primary care provider at the Greater Milwaukee Center for Health and Wellness since January 2017.

9. Ms. Kelly is a transgender woman who, since before I started treating her in 2017, has lived as a woman in accordance with her female gender identity. When I first met Ms. Kelly, she had already been diagnosed with Gender Dysphoria, and her previous primary care provider

at Sixteenth Street Community Health Center, had already prescribed her hormone therapy (Estradiol and Spironolactone).

10. As her primary care provider, I determined that Ms. Kelly would benefit from continuing her hormone therapy to treat her gender dysphoria. Ms. Kelly has responded well to this treatment.

11. As my patient, Ms. Kelly and I have discussed her desire for gender-confirming surgeries, including genital reconstruction surgery (orchiectomy and vaginoplasty) and female chest reconstruction (breast augmentation), to treat her gender dysphoria. We have also discussed her desire for facial hair removal through electrolysis.

12. In my professional medical opinion, Ms. Kelly meets the criteria set forth in the WPATH SOC for receiving gender-confirming surgeries as medically necessary treatment for persistent gender dysphoria, including genital reconstruction and female chest reconstruction.

13. I understand that Ms. Kelly has not pursued these surgeries because of her knowledge that Wisconsin Medicaid excludes them from coverage and her inability to pay for the surgeries herself. However, I am willing to provide her with letters of support stating my professional opinion that she meets the criteria for and is eligible to obtain those surgeries.

14. It is my professional opinion that these surgeries are medically necessary and would treat Ms. Kelly's gender dysphoria, enhance her quality of life, and improve her mental health.

15. From my professional experience working as a health provider for transgender patients, for the individuals, like Ms. Kelly, who need surgery to treat their gender dysphoria, the inability to access these treatments causes significant distress in their lives. The distress then

ripples through all aspects of their life, from not wanting to socialize due to anxiety, to not being able to get a job, to being attacked or constantly worrying about their safety.

16. As a medical provider, I find it incredibly frustrating to know the exact procedure that would help treat my patients, but be unable to obtain that treatment for them because of Wisconsin Medicaid's exclusion. Because the State has categorically limited my ability to provide my patients with the care they need, I then spend hours trying to provide them with other treatments – treatments that I know will not fully cure their gender dysphoria. Simply put, eliminating the exclusion would allow me to provide my patients with better medical care. Specifically, it is my professional opinion that eliminating the exclusion would benefit all of my transgender patients on Wisconsin Medicaid seeking gender-confirming treatments for gender dysphoria.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.

Executed this 16th day of October, 2018.

Linda Wesp, MSN, RN, APNP, FNP-C, AAHIV-S

EDUCATION

2015-present PhD candidate at University of Milwaukee Wisconsin College of Nursing
Dissertation Title: *Exploring Experiences of Caregiver Support Among
Transgender Youth of Color through Qualitative Narrative Analysis*
Advisor: Dr. Peninnah Kako; GPA – 4.0
2006 MSN - University of Illinois at Chicago College of Nursing; GPA – 3.93
2000 BSN honors, Summa Cum Laude - Loyola University Chicago Niehoff School of
Nursing; GPA – 3.975

ACTIVE LICENSURE AND CERTIFICATIONS

Family Nurse Practitioner/Advanced Practice Nurse –WI lic # 6596-33 (exp 9/2020)
Registered Nurse –WI lic # 223928-30 (exp 2/2020)
Family Nurse Practitioner – AANP Board Certification #F0706072 current since 2006
Certified HIV Specialist – American Academy of HIV Medicine current since 2007
CITI Training in Biomedical and Social/Behavioral Research current since 2006

PROFESSIONAL EMPLOYMENT

2016-Current Family Nurse Practitioner - Greater Milwaukee Center for Health and Wellness,
Inc., Glendale, WI.
Provide gender affirming hormones and primary care to a panel of ~ 175
transgender, gender non-conforming, and non-binary individuals age 17 and up;
provide HIV prevention (PrEP) and HIV management; provide general primary
care
2015-present Clinical Consultant Transgender Health - Chicago Women's Health Center –
Chicago, IL.

- Provide trainings, monthly consulting calls, and as needed support for development of transgender health program including provision of gender affirming hormones
- 2017-2018 Project Coordinator Oral History of HIV/AIDS in Wisconsin - UWM Library Archives - Milwaukee, WI.
Organize and conduct audio/video taped oral history interviews with individuals who have been involved in the fight against HIV/AIDS in Wisconsin from 1980's to today
- 2012-2015 Research Manager/Site Study Coordinator Adolescent Trials Network; Family Nurse Practitioner - Umbrella Program & Adolescent AIDS Program, Children's Hospital at Montefiore – Bronx, NY.
Oversee multiple NIH funded research trials, supervise research nurses and staff, conduct all IRB and regulatory requirements; Developed program policies and protocols to launch program providing gender affirming hormones, primary care, and psychosocial services to transgender, gender non-conforming, and non-binary youth age 13-25; provide HIV prevention (PrEP) and HIV management for ~100 youth
- 2012-2015 Youth Specialty Site Faculty - NY/NJ AIDS Education/Training Center.
Provide trainings throughout greater New York/New Jersey area about HIV prevention, HIV management, and culturally sensitive care for LGBT youth specifically transgender youth
- 2010-2012 Director of Adolescent Health Services/Ryan White Part D Project Manager - Howard Brown Health Center/Broadway Youth Center - Chicago IL.
Directed all health care services for youth ages 13-24 at Broadway Youth Center, including STI testing, treatment and HIV testing, linkage to care; Managed Ryan White Part D project funding for PATH program providing HIV linkage to care and engagement in care services for ~100 youth age 13-25 living with HIV
- 2006-2012 Family Nurse Practitioner and lead THInC clinician - Howard Brown Health Center - Chicago IL.
Provided primary care clinical services to a panel of patients including hormone care for >400 transgender/gender non-conforming/non-binary individuals; was lead medical provider on implementation of informed consent model for hormone access (Transgender Hormone Informed Consent Model or THInC)
- 2004-2006 Clinic Manager - Howard Brown Health Center - Chicago IL.
Supervised nursing staff and medical assistants; oversaw clinic operations for two primary care locations
- 2002-2006 Registered Nurse - Howard Brown Health Center - Chicago IL.
Provided community health nursing interventions including but not limited to medication administration, STI walk in clinic assessments, telephone triage, patient education
- 2000-2002 Registered Nurse - Labor & Delivery - Advocate Illinois Masonic Hospital - Chicago IL.
Provided labor and delivery nursing interventions to individuals during intrapartum and postpartum, including scrub and circulating nurse duties for operating room

TEACHING EXPERIENCE

- Fall 2018 Instructor for PH700 Structures of Inequality and Population Health - UWM Zilber School of Public Health
- Spring 2018 Clinical Site Supervisor UW-Milwaukee undergraduate nursing students community health rotation
- Fall 2017 Grader/Teaching Assistant PH700 Structures of Inequality in Population Health - Zilber School of Public Health, University of Wisconsin - Milwaukee.
Provide grading support for written assignments under Dr. Lorraine Malcoe
- 2017-2018 Supervising clinician - PGY3 resident from Aurora St Lukes - special populations continuity clinic with transgender populations
- 2017 Guest Lecture "LGBT Communities" for NUR101 Cultural Diversity in Health Care, UWM College of Nursing
- 2018 Guest Lecture "LGBT Health" for NURS767 Family Nurse Practitioner Theory I, UWM College of Nursing
- 2017 Guest Lecture "Transgender Health" - NURS 767 Family Nurse Practitioner I - College of Nursing, University of Wisconsin-Milwaukee
- 2016 Guest Lecture "Caring for Transgender Patients" – NU356 Senior Nursing Seminar – College of Nursing, University of Michigan
- 2016 Guest Lecture "Transgender Health" – NURS 769 Family Nurse Practitioner Theory III – College of Nursing, University of Wisconsin-Milwaukee
- 2016 Guest Lecturer "LGBT Populations" Associate Degree Nursing Students, Briggs & Stratton College, Milwaukee, WI
- 2016 Guest Lecture "Transgender Populations and Violence" – PH710 Health and Violence – Zilber School of Public Health, University of Wisconsin-Milwaukee
- 2012-2015 HIV Mini-Residency Instructor – NY/NY AIDS Education Training Center Youth Specialty Site, Montefiore Medical Center, Bronx, NY
- 2007 - 2011 Clinical Instructor - Loyola University Chicago Nurse Practitioner Students
- 2007 - 2011 Preceptor, Adolescent Medicine – Northwestern University Medical Students
- 2007 - 2011 Preceptor, Adolescent Medicine – Children's Hospital of Chicago Pediatric Residents

RESEARCH EXPERIENCE

- 2017-current Trans Youth Health Study: Mixed Methods Study of Trans Youth Health and Well-Being (Principal Investigator: Lance Weinhardt, PhD, Zilber School of Public Health, University of Wisconsin - Milwaukee)
- 2015-current ATN 130 Affirmative Voices for Action: Assessing the Engagement of Transgender and Other Gender Minority Youth Across the HIV Continuum of Care (Principle Investigator Dr. Gary Harper, PhD, MPH, University of Michigan)
- 2015-2016 Protocol Team Member, ATN 132: EPIC ALLIES: A Gaming Mobile Phone Application to Improve Engagement in Care, Antiretroviral Uptake, and Adherence Among Young Men Who Have Sex With Men (YMSM) and Trans Women, A Multi-Center Study of the Adolescent Medicine Trials Network for HIV/AIDS Interventions (Protocol Chair: Lisa Hightow-Weidman, MD, University of North Carolina, Chapel Hill)

- 2013-2015 Study Coordinator and Clinician, MTN 023 Phase 2a Safety Study of Dapivirine Vaginal Ring in Adolescent Females (Principal Investigator: Donna Futterman, MD, Montefiore Medical Center, Bronx, NY)
- 2013-2015 Study Coordinator and Clinician, ATN 109, A Randomized, Double-Blind, Placebo-Controlled Trial of the Safety and Effectiveness of Vitamin D3 50,000 IU Every 4 weeks to Increase Bone Mineral Density and Decrease Tenofovir-Induced Hyperparathyroidism in Youth with HIV Infection Being Treated with Tenofovir-Containing Combination Antiretroviral Therapy (Principal Investigator: Donna Futterman, MD, Montefiore Medical Center, Bronx, NY)
- 2013-2015 Clinical Supervisor, ATN 116, A Strategic Multi-Site Initiative for Identification, Linkage- and Engagement-to-Care (SMILE) Program (Principal Investigator: Donna Futterman, MD, Montefiore Medical Center, Bronx, NY)
- 2013-2014 Study Coordinator, ATN 104, Testing a Secondary Prevention Intervention for HIV-Positive Young Black Men who Have Sex with Men (Principal Investigator: Donna Futterman, MD, Montefiore Medical Center, Bronx, NY)
- 2012-2015 Study Coordinator and Clinician, AMC 072 A Study of the Protective Effects of Quadrivalent HPV Vaccine in HIV+ Young Men Who Have Sex with Men (Principal Investigator: Donna Futterman, MD, Montefiore Medical Center, Bronx, NY)

FELLOWSHIPS

- 2017-18 Distinguished Dissertator Fellowship - University of Wisconsin Milwaukee (\$16,500)
- 2016-17 Distinguished Graduate Student Fellowship – University of Wisconsin Milwaukee (\$15,000)

AWARDS/HONORS

- 2017-18 University of Wisconsin-Milwaukee Chancellor's Award (\$10,000)
- 2017 First Place Award for Student Podium Presentation at UWM College of Health Sciences Research Symposium (\$350)
- 2017 Sigma Theta Tau Eta Nu Chapter Clinical Nursing Excellence Award
- 2017 Sigma Theta Tau Eta Nu Student Poster Award (\$25)
- 2016-18 Jonas Nurse Leaders Scholar Award (\$20,000)
- 2016-17 University of Wisconsin-Milwaukee Chancellor's Award (\$8000)
- 2015-16 University of Wisconsin-Milwaukee Chancellor's Award (\$8000)
- 2006 Howard Brown Staff Spirit Award
- 2000 Inductee Sigma Theta Tau Honors Nursing Society
Presidential Scholar Loyola University Chicago
Niehoff School of Nursing Service Award
- 1999 Helene Fuld Nursing Fellowship
