RE: Request for use of laptop for notetaking in courtroom

Dear Judge Chasanow,

I am writing to ask permission to use a laptop to take notes in your courtroom for the two-day evidentiary hearing in *Doyle v. Hogan* scheduled for August 5 and August 6, 2019. I make this request as an accommodation for an arthritic condition that makes it difficult to take notes by hand for extended periods of time.

I understand the rules prohibiting recording, photography, broadcasting, etc., as detailed in Local Rule 506 and Standing Order 2016-05. My request for use of a laptop in the courtroom is strictly for taking notes during the hearing and for no other purpose.

Please contact me if you have any questions.
