MEMORANDUM FOR AFPC/DPFDD

FROM: SAF/MRBP

SUBJECT: Physical Evaluation–[redacted]

On behalf of the Secretary of the Air Force, it is directed that [redacted] be discharged and receive severance pay with a disability rating of 10 percent under the provisions of Title 10, United States Code, Section 1203. This disability rating was determined based on the Veterans Affairs Schedule for Rating Disabilities (VASRD) in accordance with the National Defense Authorization Act of 2008.

[redacted]s case was considered by the Air Force Personnel Board (AFPB), which made a recommendation regarding its disposition. The following rationale is provided for the final decision in this case. The Board considered the member's contention that he is fit and should be returned to duty. The Board noted the member has been compliant with all treatment, is currently asymptomatic, and has an undetectable human immunodeficiency virus (HIV) viral load. Additionally, he is able to perform all in garrison duties, has passed his most recent fitness assessment without any component exemptions, and his commander strongly supports his retention. However, the Board noted the member's condition precludes him from being able to deploy world-wide without a waiver and renders him ineligible for deployment to the Central Command (CENTCOM) Area of Responsibility (AOR), where the majority of Air Force members are expected to deploy. Deployability is a key factor in determining fitness for duty and the Board recognized the member belongs to a career field with a comparatively high deployment rate/tempo. Therefore, based on his inability to deploy and considering his current career point, the Board determined he is unfit for continued military service and shall be discharged with severance pay.

Addressing the applicant's disability rating award, the Board is required by law to rate a disability using criteria outlined in the VASRD. The AFPB typically applies the disability ratings proposed by the Department of Veterans Affairs (DVA) under the Integrated Disability Evaluation System (IDES), as these ratings should be in compliance with the VASRD. The Board therefore assigned a rating of 10 percent to the member's HIV infection. This rating warranted discharge with severance pay.

A-00747

This action is taken under the authority delegated by the Secretary of the Air Force.

Additional Information Sheet

## Additional Information Sheet

Your case was reviewed by the Air Force Personnel Board (AFPB) of the Secretary of the Air Force Personnel Council (SAFPC) under authority delegated by the Secretary of the Air Force. The board reviewed all facts and evidence in the case, to include the testimony presented before the Formal Physical Evaluation Board (FPEB) and the remarks of the FPEB (if applicable), the remarks of the Informal Physical Evaluation Board (IPEB), the service medical record (including electronic entries contained in the Armed Forces Health Longitudinal Technology Application, or AHLTA), the Narrative Summary of the Medical Evaluation Board (MEB), the Department of Veterans Affairs (DVA) medical examination, information provided by you and your counsel, and any additional information that was provided.

If you are on extended active duty and have between 15 and 19+ years of active duty service (but less than 20 years), have an essentially stable condition, and wish to return to duty, you ***may*** be eligible to apply for the Limited Assignment Status (LAS) program. Please see Chapter 6 of AFI 36-3212 for more information or discuss your options with your Office of Airmen's Counsel (OAC) representative. Note: you are normally **not** eligible to apply for LAS if you are being placed on the Temporary Disability Retired List (TDRL).

The board is sensitive to your potential need for continuing medical care. Therefore, the board encourages you to utilize the resources of the DVA to the extent that you may be entitled. The DVA is the agency chartered by Congress to provide assistance to all eligible veterans. A full complement of medical services is available at any tertiary-level DVA health care facility. The DVA's Vocational Rehabilitation and Employment Program's mission is to assist veterans with a service-connected disability to prepare for and find suitable employment. Additional information regarding this program can be obtained at the following website: http://www.benefits.va.gov/vocrehab/index.asp. The Military Disability Evaluation System (MDES) is responsible for maintaining a fit and vital fighting force. While the MDES considers all of the service member's medical conditions, compensation can only be offered for those medical conditions that cut short a service member's career, and then only to the degree of severity present at the time of final disposition. However, the DVA, operating under a different set of laws (Title 38, United States Code), is empowered to periodically re-evaluate veterans for the purpose of adjusting their disability ratings should their degree of impairment vary over time.

You are also advised of your right to pursue further appeal through application to the Air Force Board for Correction of Military Records (AFBCMR) should you find reason that brings into question the decision of the board. The AFBCMR is an independent body chartered by Congress to redress any Air Force personnel action without influence of previous boards or their respective decisions. You may obtain information on appeal procedures from the AFBCMR website at: http://www.afpc.af.mil/Board-for-Correction-of-Military-Records.

MEMORANDUM FOR SAF/MRBP

FROM: [redacted]

SUBJECT: Appeal of the Findings of the Formal Physical Evaluation Board (FPEB)

1. On [redacted] I had my FPEB hearing. The FPEB determined me to be unfit for continued military service and recommended discharge with severance pay with a disability rating of 10%. ***I disagree with the FPEB's findings and ask that you find me fit for duty.***

2. I am [redacted] I am currently stationed at [redacted], working as a [redacted]. My duties [redacted] Despite the diagnosis of my condition, I have continued to excel in my job.

3. My medical condition does not affect my ability to perform my assigned duties either physically or mentally. The only restriction I am under is my ability to deploy to any AFCENT location strictly due to a ban on the condition, not my ability to perform my work. [redacted] My ability to perform any of the components of the physical fitness assessment is also unaffected by my condition. In my latest official physical fitness assessment, I scored [redacted] I also have consistently passed every fitness assessment throughout my military career.

4. While yes, I am currently not allowed to deploy to AFCENT locations, my AFSC is always in need of personnel for TDY's to multiple locations across MAJCOMs including PACAF and USAFE, all of which I am fully qualified to fill. Along with that, I am [redacted]

5. The informal and formal medical evaluation boards (IPEB and FPEB) highlighted a potential issue. They indicated concern with my inability to deploy to AFCENT as potentially having an impact on the high tempo of my AFSC. [redacted]

[redacted]

6. In regards to availability of medication to maintain my health, there are no issues. I am currently prescribed 3 months' worth of medication at a time for both Tivicay and Descovy with multiple methods of filling the prescription. I have the ability to have them mailed to my residence, pick them up at a local pharmacy or even an on-base pharmacy.

4. I am continuing to gather information in support of my case. I understand the appeals process can be lengthy, and I respectfully request you contact my appointed counsel, Capt Charles Grotewohl, 210-565-0739 prior to a final decision being made. This will allow me the opportunity to submit updated information regarding my case.

MEMORANDUM FOR AFPC/CC

FROM: HQ USAF/A1P

SUBJECT: Retention of Airmen with Asymptomatic HIV

Airmen with asymptomatic HIV infection, defined as laboratory evidence of Human Immunodeficiency Virus (HIV) infection without the presence of progressive clinical illness or immunological deficiency, shall be referred to Air Force Personnel Center (AFPC) Medical Standards Branch in the Medical Service Officer Management Division (DP2NP) for a case review.

AFPC/DP2NP will determine if the Airman may be returned to duty with an Assignment Limitation Code (ALC-C) or if medically necessary, be referred to the Integrated Disability Evaluation System (IDES). Asymptomatic HIV alone is not unfitting for continued service.

Airmen with laboratory evidence of HIV infection and with the presence of progressive clinical illness or immunological deficiency shall be referred into the IDES.

Our points of contact are Lt Col Matthew Huibregtse, AF/A1PPP (703-571-0827, matthew.j.huibregtse.mil@mail.mil) and Col Patrick Danaher, AFMOA/SGHM, (210-395-9140, patrick.j.danaher6.mil@mail.mil).

**15. REMARKS:**

**Contention:** [redacted] contends he is fit for duty.

[redacted] His initial viral load was 14,000. After initiation of treatment which included daily Tivicay and Descovy, subsequent testing revealed a reduction in viral load and [redacted] testified his viral load is currently "0". [redacted] has undergone routine follow-up since his diagnosis and has exhibited no evidence of infection related to his HIV diagnosis. As of [redacted], [redacted] is considered to be stage 2 by CDC case definition and nadir values and he does not have evidence of immune compromise. [redacted] testified he is aware his condition is associated with deployment limitations, but he noted he is able to perform his in-garrison duties and he has no fitness restrictions. The AF FORM 469, *Duty Limiting Condition Report*, indicates [redacted] has the following mobility/duty/fitness restrictions: no PCS/TDY/mobility. [redacted] commander commented [redacted] is able to function in his primary AFSC garrison duties but is limited to deploy; however, she recommends retention. The Board acknowledges the commander's recommendation for retention. The Board also notes [redacted] HIV condition is welled controlled and he is currently asymptomatic. However, as a result of his chronic medical condition, [redacted] requires frequent follow-up with a specialist and he is a non-deployable asset in a high ops-tempo career field. For these reasons, the Board finds [redacted] HIV condition *unfitting* for continued military service

[redacted] HIV medical condition prevents him from reasonably performing the duties of his office, grade, rank, or rating. The Formal Physical Evaluation Board finds SrA [redacted] *unfit* and recommends discharge with severance pay with a disability rating of 10% IAW Veterans Administration Schedule for Rating Disabilities guidelines.

**NOTE:** The FPEB has considered all other medical conditions rated by the Department of Veterans Affairs related to SrA [redacted] military service as required under the Integrated Disability Evaluation System. The Board finds these conditions are currently not unfitting for duty separately or collectively.

**15. REMARKS:** The Informal Physical Evaluation Board (IPEB) has reviewed the available evidence and finds the service member's (SM) medical condition incompatible with continued military service; accordingly, the IPEB recommends the SM be discharged with severance pay with a disability rating of 10% IAW the Veterans Administration Schedule for Rating Disabilities (VASRD) guidelines. The SM is a [redacted] ([redacted] submitted for HIV. He has undergone HIV treatment protocols since [redacted] without any additional sequelae but due to this lifelong condition, he will require quarterly evaluations and restrictions for deploying. The AF FORM 469, Duty Limiting Condition Report, indicated the SM has the following mobility/duty/fitness restrictions: no PCS/TDY/mobility. The SM's commander has indicated the SM is able to function in his primary AFSC garrison duties but is limited to deploy; however, she recommends retention. The IPEB acknowledges the commander's recommendation for retention; however, the IPEB finds the SM's medical condition prevents him from reasonably performing the duties of his office, grade, rank or rating; represents a medical risk to the health of the SM or the health/safety of others with continued service; is subject to progression; requires frequent follow-up with a medical specialist; and limits the SM's ability to meet mobility requirements. Thus, the IPEB finds the SM's condition is incompatible with the rigors of military service and unfitting. NOTE: The IPEB has considered all other medical conditions rated by the Department of Veterans Affairs related to the SM's military service as required under the Integrated Disability Evaluation System. The Board finds these conditions are currently not unfitting for duty separately or collectively.

**DES COUNSELING ACKNOWLEDGEMENT SHEET**

***PEBLO: PLEASE INCLUDE THIS ACKNOWLEDGEMENT MEMO TO THE MEB FILE FORWARDED TO AFPC/DPFDD***

[redacted] (initial) I have been briefed on the Integrated Disability Evaluation System (IDES) and Legacy DES (LDES) process and have been provided a copy of the IDES Fact Sheet. I understand the Physical Evaluation Board Liaison Officer (PEBLO) is my point of contact throughout this process and I will contact him or her with any questions or concerns regarding the status of my case. Also, I understand that my commander/First Sergeant will be kept informed of my DES process and that I must be available throughout the complete process.

[redacted] (initial) I understand that if I elect to undergo LDES processing, I will have until [redacted] (7 duty days from the date of IDES briefing) to contact the Office of Airman's Counsel (OAC) at DSN 665-0739 or Commercial [redacted]) 565-0739 to receive my legal counsel concerning the differences between LDES and IDES process. If I fail to make contact with the OAC or have not returned the completed and signed Legacy DES Election Statement memo back to the PEBLO, I will have forfeited my option to undergo the LDES process and the PEBLO will refer you into the IDES process instead.

[redacted] (initial) I understand that I have five (5) calendar days to request an Air Force physician or other appropriate health care professional (not involved in my MEB process) to offer an impartial review of the medical evidence presented by the narrative summary or MEB findings. The impartial health professional will have no more than five (5) calendar days to advise me on whether the findings of the MEB adequately reflect the complete spectrum of injuries and illness.

[redacted] (initial) After review of the findings with the assigned impartial health care professional, I shall be afforded an opportunity to provide a rebuttal of the results of the MEB, and I shall be afforded five (5) calendar days to prepare a rebuttal to the convening medical authority. The convening medical board authority shall be afforded five (5) calendar days to consider the rebuttal and return the fully documented decision to me. In the case of an MEB rebuttal, the MEB shall not be forwarded to AFPC/DPFDD until this process is finalized. The fully documented review, rebuttal and convening authority response, will be included with the MEB information and will be sent to AFPC/DPFDD.

[redacted] (initial) I understand it is my sole responsibility to contact the Airman and Family Readiness Center (AFRC) to schedule pre-separation counseling at the earliest possible date following notification of my entry into the Disability Evaluation System. If I am found unfit for continued service, my retirement or separation date will not be extended as a result of my failure to schedule and attend said counseling.

[redacted] (initial) For IDES, I understand that VA determination of service connection for disabilities incurred in or aggravated by military service may be established from the day following date of discharge from the Air Force. Entitlement to payment, however, is not authorized until the first of the month following the month in which service connection is established. VA compensation is paid, like military pay, in arrears. Because of these rules, a separation date other than 3 days from end of month may result in a delay in receipt of VA payments and I must plan accordingly. For LDES, I understand I may be entered into the VA Benefits Delivery at Discharge (BDD) or Quick Start Program after my LDES process is complete. You may visit the VA website to start appropriate process once you receive your approved disability separation or retirement orders at: http://benefits.va.gov/PREDISCHARGE/claims-pre-discharge-quickstart.asp for Quick Start Program or at: http://www.benefits.va.gov/predischarge/claims-pre-discharge-benefits-delivery-at-discharge.asp for the BDD Program. Please review the eligibility requirements for both programs to determine which one applies to you.

[redacted] (initial) I understand that I may bring someone to my MEB/PEB recommendation briefings.

[redacted] (initial) I have received a copy of the OAC Representation Request (ORR) memo during the DES process counseling session and I understand that I have the right to legal counsel and representation from the OAC at no expense to me. I also understand that I must decline legal counsel in writing.

[redacted] (initial) I understand that I may not go on leave, TDY or deploy without obtaining approval through my PEBLO/MEB office. I further understand that I may not have surgery (unless emergency to save life, limb or eyesight) within 6 months of my Date of Separation (DOS), and must coordinate approval through my PEBLO/MEB office.

[redacted] (initial) I understand that it is Mandatory to make the VA compensation and pension exam(s) appointment(s) (IDES only). I also understand that I cannot reschedule or cancel my exams. Any change to exam schedule can only be done by my PEBLO.

[redacted] (initial) I understand that the entire IDES process has a timeline of 295 (AD) /305 (ARC) days and that each phase of the process has its own timeline. I also understand that due to the uniqueness of my case each phase timeline and the overall timeline may change.

**IMPORTANT**: Submission of this application constitutes an election of VA compensation in lieu of military retired pay if it is determined you are entitled to both benefits. If you are entitled to receive military retired pay, your retired pay may be reduced by the amount of any VA compensation that you are awarded. VA will notify the Military Retired Pay Center of all benefit changes. Receipt of military retired pay or Voluntary Separation Incentive (VSI) and VA compensation at the same time may result in an overpayment, which may be subject to collection. However, if you ***do not*** want to receive VA compensation in lieu of military retired pay, you should check the box in **Item 21**. Please note that if you check the box in **Item 21**, you ***will not*** receive VA compensation, if granted.

☐ **21. I want military retired pay instead of VA compensation**

**IMPORTANT**: You may elect to keep the training pay for inactive duty training days you received from the military service department. However, to be legally entitled to keep your training pay, you must waive VA benefits for the number of days equal to the number of days for which you received training pay. In most instances, it will be to your advantage to waive your VA benefits and keep your training pay.

If you waive VA benefits to receive training pay by checking the box in **Item 22**, VA will adjust your VA award to withhold future benefits equal to the total number of inactive duty for training days waived and at the monthly rate in effect for the fiscal year period for which you received training pay. Your normal VA rate will be restored when the sufficient numbers of days' benefits have been withheld.

☐ **22. I elect to waive VA benefits for the days I accrued inactive duty training pay in order to retain my inactive duty training pay.**

**DEPARTMENT OF VETERANS AFFAIRS**
**Veterans Benefits Administration**
**Regional Office**

[redacted]

**VA File Number**
[redacted]

**Disability Evaluation System Proposed Rating**
[redacted]

## INTRODUCTION

This is a disability determination under the Disability Evaluation System (DES) Pilot Program, a joint initiative between the Department of Defense (DoD) and the Department of Veterans Affairs (DVA) in the case of [redacted] currently a Member of the Air Force, who has been referred to a Physical Evaluation Board (PEB) as unfit for continued military service. This disability determination is being prepared to assign evaluations to the service member's unfit conditions for use by DoD in determining a final disposition for unfit conditions as well as to determine the member's potential entitlement to DVA disability compensation.

The determination of entitlement to DVA benefits is contingent upon the Member's discharge from active duty and upon the Member having the requisite character of discharge, as specified in the regulations. In the event that the Member is not separated from service as a result of the DES process or, upon discharge, lacks the requisite character of discharge, this rating is null and void for purposes of entitlement to DVA benefit.

For purposes of determining potential entitlement to DVA disability compensation, service connection may be established for a disease or disability that began in military service or was caused by some event or experience in service. Based on a review of the evidence listed below, we have made the following proposed decisions on your claim.

## DECISION

**Claim number:** [redacted]

Dear [redacted]

Thank you for your service to our country. This letter provides a proposed estimate of your Department of Veterans Affairs (VA) benefits to assist you with your financial planning following your discharge from active duty.

## Overview

Your military Service Department requested a disability assessment from VA because you were found unfit for continued military service. We provided the attached proposed VA Rating Decision to your Service Department.

The determination of entitlement to VA benefits is contingent upon the Member's discharge from Service and upon the Member having the requisite character of service. In the event that the Member is not separated from service as a result of the IDES process or, upon discharge, lacks the requisite character of discharge, this rating is null and void for purposes of entitlement to VA benefits.

## Purpose

The purpose of this estimate is to provide you information for transition planning purposes. It does not constitute a final decision by VA. This letter includes what disabilities VA is proposing for service connection, your estimated VA entitlement amount, and approximate VA payment start date. We also included information about additional VA and State benefits and who to contact if you have questions or need assistance.

## What VA Is Proposing

We are proposing that the following disabilities are related to your military service, i.e., service connected:

**Proposed Rating Decision: MICHAEL BELL**

| Medical Description of Claimed Disabilities | Proposed Percent (%) Assigned |
|---|---|
| HUMAN IMMUNODEFICIENCY VIRUS (HIV) | 10% |
| [redacted] | |

We are proposing that the following claimed disabilities are not related to your military service:

| Medical Description |
|---|
| [redacted] |

**Proposed Rating Decision:** [redacted]

[redacted]

We are proposing that your total combined rating for service-connected disabilities is 10%. We do not add the individual percentages of each condition to determine your combined rating. We use a combined rating table that considers the effect from the most serious to the least serious disabilities.

We provided a copy of your proposed Rating Decision to your Service Department Physical Evaluation Board Liaison Officer (PEBLO). Your proposed Rating Decision and this letter are based on your claim received on [redacted]. It represents all claims we understood to be specifically made, implied, or inferred in that claim. It does not include any conditions that were claimed after you completed VA Form 21-0819, VA/DoD Joint Disability Evaluation Board Claim, during your initial meeting with the VA Military Service Coordinator shortly after entering the IDES program.

## What You May Be Entitled to Receive If the IDES Process Results in Your Separation from Service and the Proposed VA Disability Decisions are Finalized

We estimate that if the proposed ratings are implemented, you may be entitled after discharge from service to monthly VA compensation in the amount of $133.57 based on the current statutory rates of disability compensation. This estimate is based on paying you as a single veteran with no dependents. Veterans having a 30% or more service-connected condition may be entitled to additional compensation for eligible dependents. If you receive disability severance pay from the Service Department, your monthly VA compensation may be reduced by the amount of disability severance pay for the percentage(s) of the unfitting disabilities only. However, your monthly VA compensation will not be reduced for any unfitting disabilities the PEB determines were incurred in combat. If you would like more information on Combat-Related Special Compensation (CRSC) and Concurrent Retirement Disability Pay (CRDP), call Defense Finance and Accounting Service toll free at either 1-888-332-7411 or 1-800-321-1080.

## What Happens Next

The following section applies to you only if you are subsequently separated or retired from service and you accept your PEB findings.

1. Your VA Military Services Coordinator (MSC) will contact you to set up an exit interview. At this interview, the MSC will gather dependency and other pertinent information, as well as provide you with additional information on VA benefits.
2. Unless we receive additional medical evidence, we will implement the proposed Rating Decision when the Service Department notifies us that you have separated as a result of the IDES process.

**Proposed Rating Decision:** [redacted]

3. Once separated, generally, your effective date of eligibility for VA benefits is the first day of the month after the month of your separation. VA payments are made at the beginning of each month for the prior month. For example, if you were discharged on May 15, you would be service-connected as of May 16. Your benefits are effective June 1 and your first payment will be made approximately July 1 for June.

## Are You Entitled To Additional Benefits?

You should contact your state's office for Veterans Affairs to obtain information about any tax, license, or fee-related benefits for which you may be eligible after separation from service. A link to each state's web site can be found at http://www.va.gov/statedva.htm.

In addition, you may be eligible for VA Insurance, Education, Home Loan Guaranty, and Vocational Rehabilitation and Employment as described below. Certain benefits may be available while you are still on active duty.

## Insurance

You may be eligible for Service-Disabled Veterans Insurance (S-DVI) if you are in good health (except for any service-connected disabilities), and apply within two years of your final disability rating notification. If you are totally disabled, you may be eligible to have your S-DVI premiums waived and receive up to $20,000 of Supplemental S-DVI coverage. You should receive a package within two weeks after your Rating Decision is finalized. This package will contain information about the insurance and an application. If you do not receive an S-DVI package, please contact the Insurance Center to request additional information at 1-800-669-8477 or go to the VA Insurance web site at http://www.insurance.va.gov.

Your Servicemembers' Group Life Insurance (SGLI) will terminate 120 days after separation or release from military service. However, if you are totally disabled, you are eligible to continue to receive SGLI for another two years under current law. After you are discharged, you will receive information about how to apply for the SGLI extension of coverage based on total disability. Also, you are eligible to convert your SGLI to Veterans' Group Life Insurance (VGLI) within 120 days after discharge without proof of good health or one year after the 120-day period expires upon proof of good health. You will receive a VGLI application within 60 days after separation from service. If you do not receive information about the SGLI extension or VGLI, please contact the Office of Servicemembers' Group Life Insurance at 1-800-419-1473 or visit the VA Insurance web site at http://www.insurance.va.gov.

## VA Education Benefits

VA pays benefits to eligible Veterans and Servicemembers while they are in an approved education or training program. Based on the type of military service, primary benefit programs are for active duty Servicemembers, Veterans, and Reserve or Guard members. Individuals with 90 days or more of active duty on or after September 11, 2001, are generally eligible under the Post-9/11 GI Bill (Chapter 33). However, in the case of a Servicemember who, on or after September 11, 2001, serves at least

30 continuous days on active duty and upon completion of such service is discharged or separated for a service-connected disability, the Servicemember is entitled to full benefits under that program. Those who first entered active duty after June 30, 1985, are generally eligible under the Montgomery GI Bill (MGIB) (Chapter 30). Reserve and Guard members may be eligible for MGIB -Selected Reserve (Chapter 1606). MGIB may be available for those who signed a six-year commitment after June 30, 1985, are actively drilling, and in good standing with their unit. The Reserve Educational Assistance Program (Chapter 1607) is for those who were activated under Federal authority for a contingency operation and served 90 continuous days or more after September 10, 2001. Time limits vary from 10-15 years from either the date of release from active duty or the date eligibility was established, depending upon the benefit. Each program has unique eligibility specified by law, and only one program can be used at any given time. If you need help with your VA education benefits, you can call toll free, 1-888-442-4551, or visit the VA's education web site at http://www.gibill.va.gov.

## VA Home Loan Guaranty

VA offers a number of home loan services to eligible Veterans, some military personnel, and certain surviving spouses. VA can guarantee a portion of a loan made by a private lender to help you buy a home, a manufactured home, a lot for a manufactured home, a condominium unit, or a unit in a cooperative dwelling. VA may waive your mortgage funding fee if you are rated by VA as eligible to receive compensation as a result of your DES disability examination and proposed rating. VA also guarantees loans for building, repairing, and improving homes. If you have a VA mortgage, VA can help you refinance your loan at a lower interest rate. You may also refinance a non-VA loan. There is no time limit for a VA home loan. For more information, visit our web site at http://www.homeloans.va.gov/.

## VA Vocational Rehabilitation and Employment

VA provides assistance to Servicemembers and Veterans with service-connected disabilities to prepare for, obtain, and maintain suitable employment. Assistance may be provided in the form of job search, vocational evaluation, career exploration, vocational training, educational training, and supportive rehabilitation services. Visit the Vocational Rehabilitation and Employment web site at http://www.vba.va.gov/bln/vre/index.htm for additional information. Veterans generally are eligible for the program for 12 years from the date VA informs them that they have at least a 10% rating for a service-connected disability.

## Medical Care

VA provides a variety of health care services including hospital, outpatient medical, dental, pharmacy, and prosthetic services; domiciliary, nursing home, and community-based residential care; sexual trauma counseling; specialized health care for women Veterans; health and rehabilitation programs for homeless Veterans; readjustment counseling; and alcohol and drug dependency treatment. Veterans who have one or more service-connected disabilities as determined by VA are eligible for most medical services through the VA health care system. VA provides cost-free health care for Veterans who served in combat operations after November 11, 1998, for any illness associated with

their service in that theater. If you are a recently discharged combat Veteran, you have five years to access this cost-free care from the date of your discharge from active duty on or after January 28, 2008. If you are interested in obtaining VA medical care, contact your nearest VA health care facility or the VA Enrollment Service Center at 1-877-222-VETS (8387). For additional information, visit http://www.oefoif.va.gov/.

## Clothing Allowance

VA offers an annual clothing allowance to Veterans who have a service-connected disability for which he or she uses prosthetic or orthopedic appliances. This allowance is also available to any veteran whose service-connected skin condition requires prescribed medication that irreparably damages outer garments. To apply, contact the prosthetic representative at the nearest VA Medical Center.

## Dependents' Education Assistance

VA offers education assistance for dependents of veterans that are determined to be permanently and totally disabled due to service-connected disabilities. For more information, you can visit our website at http://www.benefits.va.gov/gibill/survivor_dependent_assistance.asp.

## Automobile Allowance

VA offers qualified Veterans and Servicemembers a one-time payment of not more than $20,114.34 toward the purchase of an automobile or other conveyance if they have service-connected loss or permanent loss of use of one or both hands or feet, permanent impairment of vision of both eyes to a certain degree, severe burn injuries (deep partial thickness or full thickness burns resulting in scar formation that cause contractures and limit motion of one or more extremities or the trunk and preclude effective operation of an automobile), or ankylosis (immobility) of one or both knees or one or both hips. They may also be eligible for adaptive equipment, and for repair, replacement, or reinstallation required because of disability or for the safe operation of a vehicle purchased with VA assistance. To apply, contact a VA regional office at 1-800-827-1000 or the nearest VA medical center.

## Specially Adapted Housing Grants

To qualify for an SAH grant, the Veteran or Servicemember must be found eligible to receive compensation for permanent and total service-connected disability due to one of the following: (1) Loss or loss of use of both lower extremities, such as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair; (2) Loss or loss of use of both upper extremities at or above the elbow; (3) Blindness in both eyes, having only light perception, plus loss or loss of use of one lower extremity; (4) Loss or loss of use of one lower extremity together with (a) residuals of organic disease or injury, or (b) the loss or loss of use of one upper extremity which so affects the functions of balance or propulsion as to preclude locomotion without the use of braces, canes, crutches or a wheelchair; or (5) Severe burn injuries.

Supplemental Financing: Veterans and Servicemembers with available loan guaranty entitlement may also obtain a guaranteed loan or a direct loan from VA to supplement the grant to acquire a specially

adapted home. Amounts with a guaranteed loan from a private lender will vary, but the maximum direct loan from VA is $33,000. Additional information about the Specially Adapted Housing Program is available at the following web site: http://www.homeloans.va.gov/sah.htm.

## Special Home Adaptation Grants

VA may approve a grant not to exceed the maximum allowable for necessary adaptations to a Veteran's or Servicemember's residence or to help them acquire a residence already adapted with special features for their disability, to purchase and adapt a home, or for adaptations to a family member's home in which they will reside. To be eligible for this grant, Veterans and Servicemembers must be entitled to compensation for permanent and total service-connected disability due to one of the following: (1) Blindness in both eyes with 5/200 visual acuity or less; (2) Anatomical loss or loss of use of both hands; (3) Severe burn injuries; or (4) Residuals of an inhalation injury (including, but not limited to, pulmonary fibrosis, asthma, and chronic obstructive pulmonary disease).

Supplemental Financing: Veterans and Servicemembers with available loan guaranty entitlement may also obtain a guaranteed loan or a direct loan from VA to supplement the grant to acquire a specially adapted home. Amounts with a guaranteed loan from a private lender will vary, but the maximum direct loan from VA is $33,000. Additional information about the Specially Adapted Housing Program is available at the following web site: http://www.homeloans.va.gov/sah.htm.

## Direct Deposit

The Department of Treasury mandated that new recurring benefit payments must be made via EFT or prepaid debit card. You must contact the U.S. Treasury at 1-888-224-2950 to discuss options available for receiving your future payments that are in compliance with U.S. Treasury regulations. Before you call the Treasury, we can help! If compensation or pension is awarded, you can receive your payments through electronic funds transfer (EFT). To have your federal benefits electronically transferred to your designated financial institution (e.g. bank) call VA at 1-800-827-1000 with your banking information or go online to www.ebenefits.va.gov.
