**NOTICE OF FILING OF QUARTERLY  
 SUMMARY REPORTS PURSUANT TO  
 THIS COURT'S ORDER GRANTING  
 PROVISIONAL RELIEF**

1 TO THE HONORABLE COURT, ALL PARTIES, AND THEIR COUNSEL OF RECORD:  
2 PLEASE TAKE NOTICE that, pursuant to this Court's Order Granting Provisional Relief (ECF  
3 No. 234, Jan. 9, 2018<sup>1</sup>), Defendants are hereby filing summary reports regarding the processing of  
4 DACA requests on the first business day of fiscal year 2020, quarter 1. Copies of those reports,  
5 entitled Quarterly Report and Demographics Report, are attached hereto as Exhibits A and B. The  
6 Quarterly Report totals may not match the totals provided within the Demographics Report due to  
7 differences in how the data is generated. For example, the Quarterly Report provides summed  
8 totals of the number of requests that have been receipted and/or are being processed, while the  
9 Demographics Report provides summed totals based on unique individuals being processed. An  
10 individual may have filed more than one request. Defendants note that the information used to  
11 generate these reports is transferred from certain electronic systems to the Enterprise Citizenship  
12 and Immigrations Services Centralized Operation Repository (eCISCOR). Because there is a lag  
13 time due to the electronic transfer of data, these reports reflect the currently available information  
14 in eCISCOR as of October 1, 2019. Additionally, in accordance with standard business  
15 procedures, some data may not be entered into USCIS's electronic systems for 72 business  
16 hours. Thus, these reports reflect USCIS's best analysis of the currently available data as of  
17 October 1, 2019. The notes accompanying the attached reports provide further detail.

<sup>3</sup> *The number of requests rejected at a Lockbox during the reporting period.*

<sup>4</sup> *The number of requests that were received at a Lockbox during the reporting period.*

<sup>5</sup> *The number of requests accepted per day at a Lockbox as of the end of the reporting period. Also note the average accepted per day for initial plus renewal will not equal the total average.*

<sup>6</sup> *The number of new requests received and entered into a case-tracking system during the reporting period.*

<sup>7</sup> *The number of requests approved during the reporting period.*

<sup>8</sup> *The number of requests that were denied, terminated, or withdrawn during the reporting period.*

<sup>9</sup> *The number of requests awaiting a decision as of the end of the reporting period.*

*NOTE: 1. Some requests approved or denied may have been received in previous reporting periods.*

*2. The report reflects the most up-to-date estimate available at the time the report is generated.*

*3. USCIS previously discovered that the query code used to generate this report had some flaws affecting the data in the "Pending" fields, such that the data in this field was over inclusive because it included cases that were not pending (e.g., cases that had been administratively closed or withdrawn). USCIS believes that it has corrected this issue in the query code and that this report provides a more accurate reflection of pending cases. Note that if this report is compared to versions prior to the March 31, 2018 version that USCIS has published on its website, the prior versions reflect over inclusive data in the "Pending" fields.*

*4. The Quarterly Report totals may not match the totals provided within the Demographics Reports due to differences in how the data is generated.*

*5. USCIS previously discovered that the query code used to generate this report had some flaws affecting the data in the "Approved" and "Denied" fields, such that the data in this field was under reported because it did not include certain history action codes that are counted as approvals or denials. USCIS believes that it has corrected this issue in the query code and that this report provides a more accurate reflection of approved and denied cases. Note that if this report is compared to versions prior to the March 31, 2019 version that USCIS has published on its website, the prior versions reflect under reported data in the "Approved" and "Denied" fields. The increase in the "Approved" and "Denied" counts has decreased the "Pending" counts.*

<sup>1</sup> The number of requests that were accepted to date of the reporting period.

<sup>2</sup> The number of requests that were approved to date of the reporting period.

<sup>3</sup> All fields with less than 10 or a blank in the state field are included in the field "not reported."

NOTE: 1) Some requests approved or denied may have been received in previous reporting periods.

2) The report reflects the most up-to-date estimate data available at the time the report is generated.

3) Ranked by total approvals.

4) USCIS previously discovered that the query code used to generate this report had some flaws affecting the data in the "Approved" and "Denied" fields, such that the data in this field was under reported because it did not include certain history action codes that are counted as approvals or denials. USCIS believes that it has corrected this issue in the query code and that this report provides a more accurate reflection of approved and denied cases. Note that if this report is compared to versions prior to the March 31, 2019 version that USCIS has published on its website, the prior versions reflect under reported data in the "Approved" and "Denied" fields.

*Number of Individuals with a DACA renewal pending whose current DACA has expired as of Sep. 30, 2019.*

*Individuals who have obtained Lawful Permanent Resident Status or U.S. Citizenship are excluded.*

*USCIS previously discovered that the query code used to generate this report had some flaws, such that the data was under inclusive because it only pulled cases from Electronic Immigration System (ELIS) and not also from Computer Linked Application Information Management System (CLAIMS 3). CLAIMS 3 and ELIS are electronic case management systems that USCIS uses to process certain immigration requests. From the inception of DACA until early 2016, DACA requests were ingested into and processed in CLAIMS 3. In early 2016, USCIS transitioned to ELIS for DACA requests, and newly received DACA requests were ingested into and then processed in ELIS. USCIS believes that it has corrected this issue in the query code and that this report provides a more accurate reflection of pending renewal DACA requests for individuals with expired DACA. Note that if this report is compared to versions prior to the March 31, 2018 version that USCIS has published on its website, the prior versions reflect under inclusive data.*
