

STATE OF TEXAS)
)
COUNTY OF DALLAS) ss.

DONALD ZARDA, does hereby declare under penalty of perjury as follows:

1. I make this affidavit solely in support of my motion for minimum wage losses. Another affidavit concerning my other claims will follow.
2. I am aware, and I ask the Court to take judicial notice that the minimum was in New York was \$7.15 an hour in 2009 and 7.25 in 2010.
3. There were many hours when I worked at Altitude Express in which I was paid less than minimum wage, or nothing.
4. The rules of the operation, i.e., Skydive Long Island, were that we were required to be at work at 9 AM every weekday morning, 7:30 AM weekend mornings, and were not allowed to stray very far from the premises – around which there is only a deli – until sundown, or until Ray Maynard or Lauren Callanan called the day to an end of the business day.
5. I have no record of when Lauren called the day, but I am informed that it is the employer’s burden to keep work records. I have also read the defendant’s affidavit, attached as “Exhibit A,” indicating he has no record as to when the day was called for weather, lack of business, or for whatever reasons. Therefore, since the defendants are unable to produce records that any days were called off because of bad weather, or any sign in sheets or other indicia of employee presence, I ask that the Court preclude the defendant from arguing that I was not on duty every day, all day, for every day that I was employed at SDLI.

6. Sundown varies as the year changes, and I worked at SDLI in May and June 2009 and 2010, as well as a portion of July 2009. There are records on the Internet which set forth sundown and sunset records for New York at a website called [timeanddate.com](http://www.timeanddate.com). The records for New York are at <http://www.timeanddate.com/worldclock/astronomy.html?n=179%3E>. They are collectively attached as "Exhibit B."

7. Using this device, one can discern sunsets in May and June of each of the years I worked at SDLI. I started at SDLI both years on May 15, and if one puts in that date for either year, one sees that the sun set from approximately 8:07 to 8:31. For the purposes of convenience, I would ask that an average be taken for the entire time I was at SDLI insofar as the Court, using [timeanddate.com](http://www.timeanddate.com) – as well as your own knowledge of the times of sunsets in summer – that sunset was at 8:19. This would mean that on weekdays, the day lasted 11 hours and 19 minutes (11.3 hours) – we did not get an official lunch break and were always on call – and on weekends the day lasted 12 hours and 49 minutes, or 12.8 hours.

8. Every skydiver is required by United States Parachute Association (USPA) – Basic Safety Requirements (BSR's) to use a visual altimeter altitude reporting instrument of which the more modern designs, such as the one I use, record complete jump data which includes time and date of each jump.

My report output from this device for 2009 for the period I was at SDLI is attached as "Exhibit C," and 2010 is attached as "Exhibit D."

9. I received \$40 per jump. On many days, this meant that I received less than the minimum wage. On weekends in 2010 for example, if I worked zero, one or

two jumps, I received less than the minimum wage because it means that I was earning \$0.00, \$3.13 or \$6.25 per hour. On weekdays, if I got only two, one jump or no jumps, I was earning \$7.07, \$3.53 or \$0.00 per hour.

10. Using the records attached as Exhibits C and D, the days in which I did not earn minimum wage include:

| Date | Jumps | Wages earned | Minimum Wages | Deficiency |

11. For these reasons, as well as those set forth by my attorney, I ask that the Court award me \$1757.22 in unpaid minimum wages, as well as such penalties and fees that are available under the law.
