Re: Donald Zarda v. Altitude Express, Inc. and Raymond Maynard
Case No.: 10-CV-04334 (JFB) (GRB)

Your Honor:

We are counsel for Defendants in the above referenced matter. We write to advise your Honor of a health issue that has affected Defendant Raymond Maynard's ability to participate in the preparation and assistance for and his attendance at next month's trial. Mr. Maynard has been suffering with shingles for the past seven (7) weeks. Initially it was not expected to impact his trial preparation but his symptoms have continued to worsen rendering him unable to assist and prepare in any meaningful manner. His medical care providers have just referred him to a neurologist and his first appointment has been scheduled for this coming Wednesday.

Based upon the manifestation of Mr. Maynard's illness, we respectfully request that the July trial date be adjourned for a period of time that will provide for Mr. Maynard's recovery and his full participation in his and his company's defense. We understand that medical documentation would be expected to support this request and respectfully request some guidance from Your Honor as to what would be needed to adequately decide this request.

I have conferred with Counsel for the Plaintiff telephonically and was advised that he needed to see the content of my application before coming to a conclusion on this request.

Respectfully submitted,
ZABELL & ASSOCIATES, P.C.
