**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF ARIZONA**

Lizette Trujillo, et al.,
Plaintiffs,
v.
Thomas Salow, et al.,
Defendants.

No. CV-20-00484-TUC-JAS
ORDER

On 12/8/22, Defendant filed a motion to extend the deadline to respond to the motion for class certification. As the current deadline is 12/12/22, and in light of the upcoming holidays, the Court will not await a response and reply which would not be due until after the deadline and in the midst of the holidays. To (hopefully) allow the parties more flexibility in their schedules over the holidays, Defendant’s motion is granted inasmuch as the time to respond to the motion for class certification is extended until **1/13/23**; Plaintiffs’ reply as to the motion for class certification shall be due by **2/24/23**. If the parties agree to a different briefing schedule, they are free to submit a stipulation and proposed order which will likely be approved.

Dated this 8th day of December, 2022.

Honorable James A. Soto
United States District Judge
