---

**Transgender male or trans masculine (including gender diverse/nonbinary) individuals**

1. Evaluate patient approximately every 3 months (with dose changes) in the first year and 1 to 2 times per year thereafter to monitor for appropriate physical changes in response to testosterone.
2. Measure serum total testosterone every 3 months (with dose changes) until levels are at goal
  - a. For parenteral testosterone, the serum total testosterone should be measured midway between injections. The target level is 400-700ng/dL. Alternatively, measure peak and trough peaks to ensure levels remain in the range of reference men.
  - b. For parenteral testosterone undecanoate, testosterone should be measured just before injection. If the level is < 400ng/dL, adjust the dosing interval.
  - c. For transdermal testosterone, the testosterone level can be measured no sooner than after 1 week of daily application (at least 2hours after application of product).
3. Measure hematocrit or hemoglobin concentrations at baseline and approximately 3 months (with dose changes) for the first year and then one to two times a year.

**Transgender Female or trans feminine (including gender diverse/nonbinary) individuals**

1. Evaluate patient approximately every 3 months (with dose changes) in the first year and one to two times per year thereafter to monitor for appropriate physical changes in response to estrogen.
    - a. Serum testosterone levels should be less than 50 ng/dL.
    - b. Serum estradiol should be in the range of 100-200 pg/mL.
  2. For individuals receiving spironolactone, serum electrolytes, in particular potassium, and kidney function, in particular creatinine, should be monitored.
  3. Follow primary care screening per primary care chapter recommendations

## Appendix D SUMMARY CRITERIA FOR HORMONAL AND SURGICAL TREATMENTS FOR ADULTS AND ADOLESCENTS

The SOC-8 guidelines are intended to be flexible in order to meet the diverse health care needs of TGD people globally. While adaptable, they offer consensus-based standards derived from the best available scientific evidence for promoting optimal health care and guiding the treatment of people experiencing gender incongruence. As in all previous versions of the SOC, the criteria put forth in this document for gender affirming interventions are clinical guidelines; individual health care professionals and programs, in consultation with the TGD person, may modify them. Clinical departures from the SOC may occur due to a TGD person's unique anatomic, social, or psychological situation; an experienced health care professional's evolving method of handling a common situation; a research protocol; lack of resources in various parts of the world; or the need for specific harm-reduction strategies. These departures should be recognized as such, discussed with the TGD person, and documented. This documentation is also valuable for the accumulation of new data, which can be retrospectively examined to allow for health care—and the SOC—to evolve. This summary criteria needs to be read in conjunction with the relevant chapters (see Adult Assessment and Adolescent chapters).

### SUMMARY CRITERIA FOR ADULTS

#### *Related to the assessment process*

- Health care professionals assessing transgender and gender diverse adults seeking gender-affirming treatment should liaise with professionals from different disciplines within the field of trans health for consultation and referral, if required\*
- If written documentation or a letter is required to recommend gender affirming medical and surgical treatment (GAMST), only one letter of assessment from a health care professional who has competencies in the assessment of transgender and gender diverse people is needed.

#### *Criteria for hormones*

- a. Gender incongruence is marked and sustained;
- b. Meets diagnostic criteria for gender incongruence prior to gender-affirming hormone treatment in regions where a diagnosis is necessary to access health care;
- c. Demonstrates capacity to consent for the specific gender-affirming hormone treatment;
- d. Other possible causes of apparent gender incongruence have been identified and excluded;
- e. Mental health and physical conditions that could negatively impact the outcome of treatment have been assessed, with risks and benefits discussed;
- f. Understands the effect of gender-affirming hormone treatment on reproduction and they have explored reproductive options.

#### *Criteria for surgery*

- a. Gender incongruence is marked and sustained;
- b. Meets diagnostic criteria for gender incongruence prior to gender-affirming surgical intervention in regions where a diagnosis is necessary to access health care;
- c. Demonstrates capacity to consent for the specific gender-affirming surgical intervention;
- d. Understands the effect of gender-affirming surgical intervention on reproduction and they have explored reproductive options;
- e. Other possible causes of apparent gender incongruence have been identified and excluded;
- f. Mental health and physical conditions that could negatively impact the outcome of gender-affirming surgical intervention have been assessed, with risks and benefits have been discussed;
- g. Stable on their gender affirming hormonal treatment regime (which may include at least 6 months of hormone treatment or a longer period if required to achieve the desired surgical result, unless hormone therapy is either not desired or is medically contraindicated).\*

\*These were graded as suggested criteria

### SUMMARY CRITERIA FOR ADOLESCENTS

#### *Related to the assessment process*

- A comprehensive biopsychosocial assessment including relevant mental health and medical professionals;
- Involvement of parent(s)/guardian(s) in the assessment process, unless their involvement is determined to be harmful to the adolescent or not feasible;
- If written documentation or a letter is required to recommend gender-affirming medical and surgical treatment (GAMST), only one letter of assessment from a member of the multidisciplinary team is needed. This letter needs to reflect the assessment and opinion from the team that involves both medical and mental health professionals (MHPs).

#### *Puberty blocking agents*

- a. Gender diversity/incongruence is marked and sustained over time;
- b. Meets the diagnostic criteria of gender incongruence in situations where a diagnosis is necessary to access health care;
- c. Demonstrates the emotional and cognitive maturity required to provide informed consent/assent for the treatment;
- d. Mental health concerns (if any) that may interfere with diagnostic clarity, capacity to consent, and gender-affirming medical treatments have been addressed; sufficiently so that gender-affirming medical treatment can be provided optimally.
- e. Informed of the reproductive effects, including the potential loss of fertility and the available options to preserve fertility;
- f. Reached Tanner stage 2.

**Hormonal treatments**

- a. Gender diversity/incongruence is marked and sustained over time;
  - b. Meets the diagnostic criteria of gender incongruence in situations where a diagnosis is necessary to access health care;
  - c. Demonstrates the emotional and cognitive maturity required to provide informed consent/assent for the treatment;
  - d. Mental health concerns (if any) that may interfere with diagnostic clarity, capacity to consent, and gender-affirming medical treatments have been addressed; sufficiently so that gender-affirming medical treatment can be provided optimally.
  - e. Informed of the reproductive effects, including the potential loss of fertility and the available options to preserve fertility;
  - f. Reached Tanner stage 2.
- b. Meets the diagnostic criteria of gender incongruence in situations where a diagnosis is necessary to access health care;
  - c. Demonstrates the emotional and cognitive maturity required to provide informed consent/assent for the treatment;
  - d. Mental health concerns (if any) that may interfere with diagnostic clarity, capacity to consent, and gender-affirming medical treatments have been addressed; sufficiently so that gender-affirming medical treatment can be provided optimally.
  - e. Informed of the reproductive effects, including the potential loss of fertility and the available options to preserve fertility;
  - f. At least 12 months of gender-affirming hormone therapy or longer, if required, to achieve the desired surgical result for gender-affirming procedures, including breast augmentation, orchiectomy, vaginoplasty, hysterectomy, phalloplasty, metoidioplasty, and facial surgery as part of gender-affirming treatment unless hormone therapy is either not desired or is medically contraindicated.

**Surgery**

- a. Gender diversity/incongruence is marked and sustained over time;

## Appendix E GENDER-AFFIRMING SURGICAL PROCEDURES

As the field's understanding of the many facets of gender incongruence expands, and as technology develops which

allows for additional treatments, it is imperative to understand this list is not intended to be exhaustive. This is particularly important given the often lengthy time periods between updates to the SOC, during which evolutions in understanding and treatment modalities may occur.

## CHAPTER 2023-90

## Committee Substitute for Senate Bill No. 254

An act relating to treatments for sex reassignment; amending s. 61.517, F.S.; granting courts of this state temporary emergency jurisdiction over a child present in this state if the child has been subjected to or is threatened with being subjected to sex-reassignment prescriptions or procedures; amending s. 61.534, F.S.; providing that, for purposes of warrants to take physical custody of a child in certain child custody enforcement proceedings, serious physical harm to the child includes, but is not limited to, being subjected to sex-reassignment prescriptions or procedures; creating s. 286.31, F.S.; defining the term “governmental entity”; prohibiting certain public entities from expending state funds for the provision of sex-reassignment prescriptions or procedures; amending s. 456.001, F.S.; defining the terms “sex” and “sex-reassignment prescriptions or procedures”; creating s. 456.52, F.S.; prohibiting sex-reassignment prescriptions and procedures for patients younger than 18 years of age; providing an exception; requiring the Board of Medicine and the Board of Osteopathic Medicine to adopt certain emergency rules within a specified timeframe; requiring the boards to consider specified factors in developing such rules; requiring that such prescriptions and procedures for patients older than 18 years of age be prescribed, administered, or performed only with the voluntary and informed consent of the patient; providing criteria for what constitutes voluntary and informed consent; providing that only a physician may prescribe, administer, or perform such prescriptions and procedures; defining the term “physician”; providing applicability; providing for disciplinary action; providing criminal penalties; requiring the Board of Medicine and the Board of Osteopathic Medicine to adopt certain emergency rules; providing that such emergency rules remain in effect until they are replaced by nonemergency rules; amending s. 456.074, F.S.; requiring the department to immediately suspend the license of a health care practitioner who is arrested for committing or attempting, soliciting, or conspiring to commit specified violations related to sex-reassignment prescriptions or procedures for a patient younger than 18 years of age; creating s. 766.318, F.S.; creating a cause of action to recover damages for personal injury or death resulting from the provision of sex-reassignment prescriptions or procedures to a minor; providing that certain limitations on punitive damages do not apply to such actions; specifying the timeframe within which such actions may be commenced; providing construction and applicability; providing severability; providing a directive to the Division of Law Revision; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 61.517, Florida Statutes, is amended to read:

61.517 Temporary emergency jurisdiction.—

(1) A court of this state has temporary emergency jurisdiction if the child is present in this state and:

(a) The child has been abandoned; or

(b) It is necessary in an emergency to protect the child because the child, or a sibling or parent of the child, is subjected to or threatened with mistreatment or abuse; or

(c) It is necessary in an emergency to protect the child because the child has been subjected to or is threatened with being subjected to sex-reassignment prescriptions or procedures, as defined in s. 456.001.

Section 2. Subsection (1) of section 61.534, Florida Statutes, is amended to read:

61.534 Warrant to take physical custody of child.—

(1) Upon the filing of a petition seeking enforcement of a child custody determination, the petitioner may file a verified application for the issuance of a warrant to take physical custody of the child if the child is likely to imminently suffer serious physical harm or removal from this state. Serious physical harm includes, but is not limited to, being subjected to sex-reassignment prescriptions or procedures as defined in s. 456.001.

Section 3. Section 286.31, Florida Statutes, is created to read:

286.31 Prohibited use of state funds.—

(1) As used in this section, the term “governmental entity” means the state or any political subdivision thereof, including the executive, legislative, and judicial branches of government; the independent establishments of the state, counties, municipalities, districts, authorities, boards, or commissions; and any agencies that are subject to chapter 286.

(2) A governmental entity, a public postsecondary educational institution as described in s. 1000.04, the state group health insurance program, a managing entity as defined in s. 394.9082, or a managed care plan providing services under part IV of chapter 409 may not expend state funds as described in s. 215.31 for sex-reassignment prescriptions or procedures as defined in s. 456.001.

Section 4. Subsections (8) and (9) are added to section 456.001, Florida Statutes, to read:

456.001 Definitions.—As used in this chapter, the term:

(8) “Sex” means the classification of a person as either male or female based on the organization of the human body of such person for a specific reproductive role, as indicated by the person’s sex chromosomes, naturally

occurring sex hormones, and internal and external genitalia present at birth.

(9)(a) “Sex-reassignment prescriptions or procedures” means:

1. The prescription or administration of puberty blockers for the purpose of attempting to stop or delay normal puberty in order to affirm a person’s perception of his or her sex if that perception is inconsistent with the person’s sex as defined in subsection (8).

2. The prescription or administration of hormones or hormone antagonists to affirm a person’s perception of his or her sex if that perception is inconsistent with the person’s sex as defined in subsection (8).

3. Any medical procedure, including a surgical procedure, to affirm a person’s perception of his or her sex if that perception is inconsistent with the person’s sex as defined in subsection (8).

(b) The term does not include:

1. Treatment provided by a physician who, in his or her good faith clinical judgment, performs procedures upon or provides therapies to a minor born with a medically verifiable genetic disorder of sexual development, including any of the following:

a. External biological sex characteristics that are unresolvably ambiguous.

b. A disorder of sexual development in which the physician has determined through genetic or biochemical testing that the patient does not have a normal sex chromosome structure, sex steroid hormone production, or sex steroid hormone action for a male or female, as applicable.

2. Prescriptions or procedures to treat an infection, an injury, a disease, or a disorder that has been caused or exacerbated by the performance of any sex-reassignment prescription or procedure, regardless of whether such prescription or procedure was performed in accordance with state or federal law.

3. Prescriptions or procedures provided to a patient for the treatment of a physical disorder, physical injury, or physical illness that would, as certified by a physician licensed under chapter 458 or chapter 459, place the individual in imminent danger of death or impairment of a major bodily function without the prescription or procedure.

Section 5. Section 456.52, Florida Statutes, is created to read:

456.52 Sex-reassignment prescriptions and procedures; prohibitions; informed consent.—

(1) Sex-reassignment prescriptions and procedures are prohibited for patients younger than 18 years of age, except that:

(a) The Board of Medicine and the Board of Osteopathic Medicine shall, within 60 days after the effective date of this act, adopt emergency rules pertaining to standards of practice under which a patient younger than 18 years of age may continue to be treated with a prescription consistent with those referenced under s. 456.001(9)(a)1. or 2. if such treatment for sex reassignment was commenced before, and is still active on, the effective date of this act. In developing rules under this paragraph, the boards shall consider requirements for physicians to obtain informed consent from such patient's parent or legal guardian, consistent with the parameters of informed consent under subsections (2) and (4), for such prescription treatment, and shall consider the provision of professional counseling services for such patient by a board-certified psychiatrist licensed under chapter 458 or chapter 459 or a psychologist licensed under chapter 490 in conjunction with such prescription treatment.

(b) A patient meeting the criteria of paragraph (a) may continue to be treated by a physician with such prescriptions according to rules adopted under paragraph (a) or nonemergency rules adopted under paragraph (6)(b).

(2) If sex-reassignment prescriptions or procedures are prescribed for or administered or performed on patients 18 years of age or older, consent must be voluntary, informed, and in writing on forms adopted in rule by the Board of Medicine and the Board of Osteopathic Medicine. Consent to sex-reassignment prescriptions or procedures is voluntary and informed only if the physician who is to prescribe or administer the pharmaceutical product or perform the procedure has, at a minimum, while physically present in the same room:

(a) Informed the patient of the nature and risks of the prescription or procedure in order for the patient to make a prudent decision;

(b) Provided the informed consent form, as adopted in rule by the Board of Medicine and the Board of Osteopathic Medicine, to the patient; and

(c) Received the patient's written acknowledgment, before the prescription or procedure is prescribed, administered, or performed, that the information required to be provided under this subsection has been provided.

(3) Sex-reassignment prescriptions or procedures may not be prescribed, administered, or performed except by a physician. For the purposes of this section, the term "physician" is defined as a physician licensed under chapter 458 or chapter 459 or a physician practicing medicine or osteopathic medicine in the employment of the Federal Government.

(4) Consent required under subsection (2) does not apply to renewals of prescriptions consistent with those referenced under s. 456.001(9)(a)1. and

2. if a physician and his or her patient have met the requirements for consent for the initial prescription or renewal. However, separate consent is required for any new prescription for a pharmaceutical product not previously prescribed to the patient.

(5)(a) Violation of this section constitutes grounds for disciplinary action under this chapter and chapter 458 or chapter 459, as applicable.

(b) Any health care practitioner who willfully or actively participates in a violation of subsection (1) commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(c) Any health care practitioner who violates subsection (2), subsection (3), or subsection (4) commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(6)(a) The Board of Medicine and the Board of Osteopathic Medicine shall adopt emergency rules to implement this section.

(b) Any emergency rules adopted under this section are exempt from s. 120.54(4)(c) and shall remain in effect until replaced by rules adopted under the nonemergency rulemaking procedures of the Administrative Procedure Act.

Section 6. Present paragraphs (c) through (gg) of subsection (5) of section 456.074, Florida Statutes, are redesignated as paragraphs (d) through (hh), respectively, and a new paragraph (c) is added to that subsection, to read:

456.074 Certain health care practitioners; immediate suspension of license.—

(5) The department shall issue an emergency order suspending the license of any health care practitioner who is arrested for committing or attempting, soliciting, or conspiring to commit any act that would constitute a violation of any of the following criminal offenses in this state or similar offenses in another jurisdiction:

(c) Section 456.52(5)(b), relating to prescribing, administering, or performing sex-reassignment prescriptions or procedures for a patient younger than 18 years of age.

Section 7. Section 766.318, Florida Statutes, is created to read:

766.318 Civil liability for provision of sex-reassignment prescriptions or procedures to minors.—

(1) A cause of action exists to recover damages for personal injury or death resulting from the provision of sex-reassignment prescriptions or procedures, as defined in s. 456.001, to a person younger than 18 years of age which are prohibited by s. 456.52(1).

(2) The limitations on punitive damages in s. 768.73(1) do not apply to actions brought under this section.

(3) An action brought under this section:

(a) May be commenced within 20 years after the cessation or completion of the sex-reassignment prescription or procedure.

(b) Is in addition to any other remedy authorized by law.

(4) The cause of action created by this section does not apply to:

(a) Treatment with sex-reassignment prescriptions if such treatment is consistent with s. 456.001(9)(a)1. or 2. and was commenced on or before, and is still active on, the effective date of this act.

(b) Sex-reassignment prescriptions or procedures that were ceased or completed on or before the effective date of this act.

Section 8. If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 9. The Division of Law Revision is directed to replace the phrase “the effective date of this act” wherever it occurs in this act with the date this act becomes a law.

Section 10. This act shall take effect upon becoming a law.

Approved by the Governor May 17, 2023.

Filed in Office Secretary of State May 17, 2023.

**64B8-8.001 Disciplinary Guidelines.**

(1) Purpose. Pursuant to Section 456.079, F.S., the Board provides within this rule disciplinary guidelines which shall be imposed upon applicants or licensees whom it regulates under Chapter 458, F.S., or telehealth providers registered under Section 456.47(4), F.S. The purpose of this rule is to notify applicants and licensees of the ranges of penalties which will routinely be imposed unless the Board finds it necessary to deviate from the guidelines for the stated reasons given within this rule. The ranges of penalties provided below are based upon a single count violation of each provision listed; multiple counts of the violated provisions or a combination of the violations may result in a higher penalty than that for a single, isolated violation. Each range includes the lowest and highest penalty and all penalties falling between, including appropriate continuing medical education (CME). For telehealth registrants, a suspension may be accompanied by a corrective action plan that addresses the conduct which resulted in the underlying disciplinary violations. The Board may require a corrective action plan to be completed prior to reinstatement of the suspended registration or the corrective action plan may follow a suspension for a definite term. The purposes of the imposition of discipline are to punish the applicants or licensees for violations and to deter them from future violations; to offer opportunities for rehabilitation, when appropriate; and to deter other applicants or licensees from violations.

(2) Violations and Range of Penalties. In imposing discipline upon applicants and licensees, in proceedings pursuant to Sections 120.57(1) and (2), F.S., the Board shall act in accordance with the following disciplinary guidelines and shall impose a penalty within the range corresponding to the violations set forth below. The verbal identification of offenses are descriptive only; the full language of each statutory provision cited must be consulted in order to determine the conduct included. In addition to the guideline penalties provided herein, if the violation is for fraud or making a false or fraudulent representation, the Board shall impose a fine of \$10,000 per count. In no event for the penalties set forth below shall the fine exceed \$10,000.00 per count.

(3) Aggravating and Mitigating Circumstances. Based upon consideration of aggravating and mitigating factors present in an individual case, the Board may deviate from the penalties recommended above. The Board shall consider as aggravating or mitigating factors the following:

- (a) Exposure of patient or public to injury or potential injury, physical or otherwise: none, slight, severe, or death;
- (b) Legal status at the time of the offense: no restraints, or legal constraints;
- (c) The number of counts or separate offenses established;
- (d) The number of times the same offense or offenses have previously been committed by the licensee or applicant;
- (e) The disciplinary history of the applicant or licensee in any jurisdiction and the length of practice;
- (f) Pecuniary benefit or self-gain inuring to the applicant or licensee;
- (g) The involvement in any violation of Section 458.331, F.S., of the provision of controlled substances for trade, barter or sale, by a licensee. In such cases, the Board will deviate from the penalties recommended above and impose suspension or revocation of licensure.
- (h) Where a licensee has been charged with violating the standard of care pursuant to Section 458.331(1)(t), F.S., but the licensee, who is also the records owner pursuant to Section 456.057(1), F.S., fails to keep and/or produce the medical records.
- (i) Any other relevant mitigating factors.

(4) It is the intent of the Board to notify applicants and licensees whom it regulates under Chapter 458, F.S., and Section 456.47, F.S., of the seriousness with which the Board deals with sexual misconduct in or related to the practice of medicine. In particular, the Board has identified those situations in which the sexual misconduct is predatory in its character because of the particular

powerlessness or vulnerability of the patient, or because of the licensee's history or manipulation of the physician/patient relationship. Therefore, it is the policy of the Board, where any one of the following aggravating conditions are present in a sexual misconduct case, to consider revocation as an appropriate penalty:

(a) Where controlled substances have been prescribed, dispensed or administered inappropriately or excessively, or not in the course of the physician's professional practice, or not in the patient's best interests.

(b) Where the relationship between the licensee and the patient involved psychiatric or psychological diagnosis or treatment.

(c) Where the patient was under the influence of mind altering drugs or anesthesia at the time of any one incident of sexual misconduct.

(d) Where the licensee is under suspension or probation at the time of the incident.

(e) Where the licensee has any prior action taken against the authority to practice their profession by any authority, or a conviction in any jurisdiction, regardless of adjudication, relating to sexual misconduct, inappropriate relationships with patients, or sex-related crimes.

(f) Where the patient is physically or mentally handicapped at the time of the incident.

(g) Where the patient is a minor at the time of the incident.

(h) Where the patient is an alien, whether legal or illegal; or a recipient of federal or state health care benefits, or state family aid at the time of the incident.

(i) Where the patient has a history of child sexual abuse, domestic violence, or sexual dysfunction, which history is known to the licensee at the time of the sexual misconduct.

(5) Stipulations or Settlements. The provisions of this rule are not intended and shall not be construed to limit the ability of the Board to dispose informally of disciplinary actions by stipulation, agreed settlement, or consent order pursuant to Section 120.57(3), F.S.

(6) Letters of Guidance. The provisions of this rule cannot and shall not be construed to limit the authority of the probable cause panel of the Board to direct the Department to send a letter of guidance pursuant to Section 456.073, F.S., in any case for which it finds such action appropriate.

(7) When imposing a penalty or a condition of licensure that requires an impaired, or potentially impaired, licensee to demonstrate that he or she is able to practice with reasonable skill and safety, the licensee must undergo an evaluation conducted under the auspices of the Department of Health approved consultant that has been retained to provide the Board services pursuant to Section 456.076, F.S.

(8) Other Action. The provisions of this rule are not intended to and shall not be construed to limit the ability of the Board to pursue or recommend that the Department pursue collateral civil or criminal actions when appropriate.
